The donut is made in one continuous piece. We first start with a chain, and connect the chain to form a circle. We work around this circle to make the donut!

- **Recommended Yarns:**

JoAnn Fabric's "Big Twist" Yarn
Red Heart Super Saver Yarn
Hobby Lobby's "I Love This Yarn!"

Let's start!

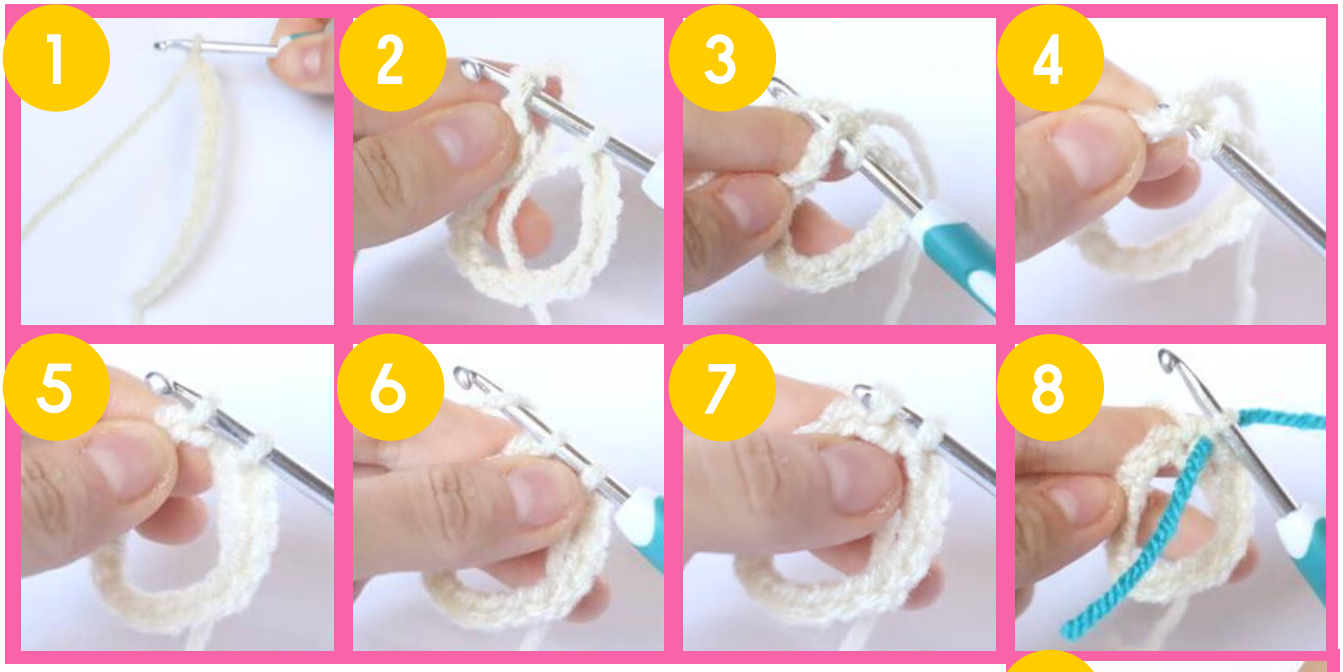
OVERVIEW

We will start with making a chain. This chain is the center of the donut. We will connect the chain to form a circle. After this, we will continue around the circle in rounds to make the donut bigger.

DONUT:

START IN DOUGH COLOR

Round 1: Ch 18 (Pic 1). Connect with a Sc to first Ch (Pic 2-7). Add a stitch marker to the Sc just made (Pic 8). Sc in the next 17 st (18)



Round 2: Change to your icing color. Repeat *Inc in the next st, Sc in the next 2 st* all around (**Pic 9**, Stitch Count: 24)

Round 3: Repeat *Inc, Sc 3* all around (30)

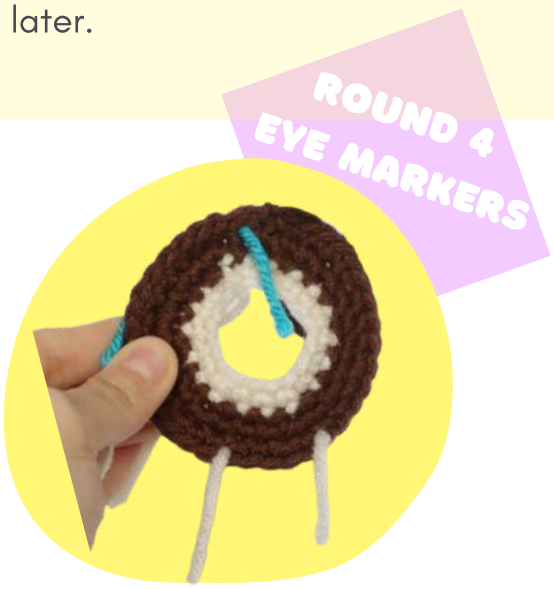
ADDING EYES

In the next round (Round 4) we will add 2 different colored stitch markers. These will mark where to place the eyes later.



CONTINUE IN ICING COLOR

Round 4: *Inc, Sc 4* all around (36)
Add an eye stitch marker on the 17th stitch, add the second eye stitch marker in the 22nd stitch.
Round 5: *Inc, Sc 5* all around (42)
Round 6: *Sc* all around (42)
Round 7: Change to Dough Color. In the BLO (Back Loop Only), *Sc* all around (42)
Add eyes here
Round 8: In BOTH Loops *Sc* all around (42)
Round 9: *Dec, Sc 5* all around (36)
Round 10: *Dec, Sc 4* all around (30)
Round 11: *Dec, Sc 3* all around (24)
Round 12: *Dec, Sc 2* all around (18)
Finish off now, leaving a long tail for sewing closed.

SEWING CLOSED

Place the tail end of yarn from the donut onto a sewing needle.

Repeat *Insert the sewing needle through the hole and bring to the front of the donut (Pic 2). Insert the needle through a top and bottom stitch, making sure those stitches align (Pic 3-4). Your needle will now be at the back of the donut.*

Add stuffing to the donut after sewing 6 stitches together (Pic 8). Repeat this every 6 stitches.

SPRINKLES

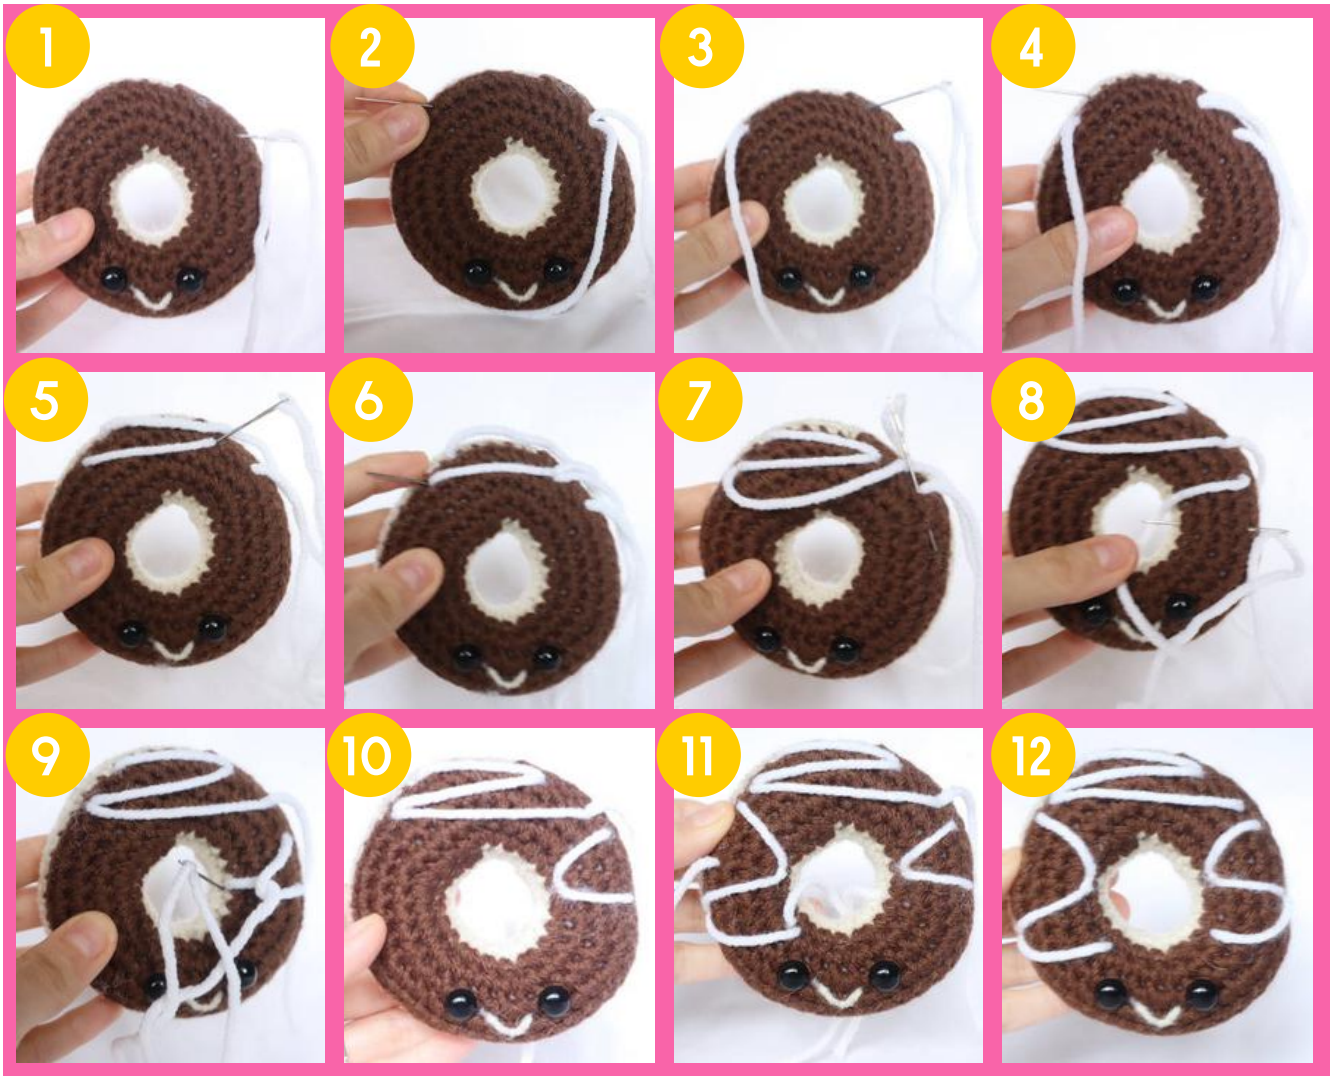
Insert needle with yarn into any stitch on the bottom right side of the donut, and bring the needle out in any direction about 2 stitches away **(Pic 1)**. Reinsert needle into the original insertion spot **(Pic 2)**. Pull needle out to the top right area **(Pic 3)**. Insert needle about 2 stitches away in any direction **(Pic 4)**. Repeat this process around the donut **(Pic 5-6)**.

Add 1-2 other colored sprinkles, being sure to go in slightly different directions! **(Pic 7-8)**.

GLAZE

If you prefer, you can free hand this part! However, if you'd like, you can follow what I did:

Insert needle with white yarn into the top right side of the donut **(Pic 1)**. Pull needle out at the top left side **(Pic 2)**. Reinsert needle at the top right side as shown **(Pic 3)**. Pull needle out at the top left side as shown **(Pic 4)**. Insert needle into the bottom right side of the icing **(Pic 5)**. Pull needle at the left side of the icing **(Pic 6)**. Insert needle at the right side of the donut, past the other icing stitches **(Pic 7)**. Pull needle out 2 stitches down **(Pic 7)**. Insert needle 2 stitches down again, and pull needle out where shown making sure the yarn is BELOW the needle **(Pic 8)**. Reinsert needle into the same stitch **(Pic 9)**. Repeat this on the left side of the donut, you can make extra lines if you'd like! **(Pic 10-12)**.



SMILE

USE ANY COLOR YARN

Insert needle one stitch over from the right eye, and pull needle out one stitch over from the left eye (Pic 1). Reinsert needle into the original insertion spot, and pull needle out at the middle as shown making sure the smile yarn lands UNDER the needle (Pic 2). Reinsert needle into the same middle stitch, making sure the smile yarn lands ABOVE the needle (Pic 3). Pull needle out at the original insertion spot (Pic 3). Tie both tail ends of yarn into firm knots. Bring into the donut to hide, cut any excess yarn (Pic 4).
